VOTE FOR BETTER ROADS

Fiscal Court Order

Owing to the fact that a number of people of the county are not sure of what disposition will be made of the funds secured from the sale of the road bonds, we print herewith, the order of the Fiscal Court as it appears on the Clerk's minute book. This shows that the money will be equally divided, one half to be spent east of Stanton and one-half west, and that no one place will be favored.

Powell County Fiscal Court, Special Term, Held at the Court-house, This 28th day of Feb. 1916.

Present, Hon.:

A. T. Knox, Judge,
J. A. Sewell, Justice,
G. S. Spurlock, "

and the following business was transacted:

Be it resolved, That the public interest demands the improvement and construction of public roads on all the county-seat roads, hereinafter described, on the most direct and practical routes; and it is the sense of this Court that said roads be improved under State aid and State supervision during 1916.

Application is hereby made to the Commissioner of Public Roads for county proportion of the State Road Fund to be apportioned to Powell county, for the improvement of said roads. It appears that the Fiscal Court of Powell county had for the purpose of constructing roads and bridges in 1915, exclusive of the funds received from the State as Powell

Therefore, It is Ordered: That the Fiscal Court of Powell county petition the State of Kentucky and the State Commissioner of Public Roads for county proportionate share of the State Road Fund for the use of this county for the improvement of above described roads, and agrees to furnish a like amount.

It is further Ordered: That a copy of these resolutions and a copy of this court order be certified to the Commissioner of Public Roads for his approval.

Those voting in the affirmative:—

STANTON.

(By P. C. Derthick.)

Dr. J. E. Lemming was in Mt. Sterling Monday of this week.

D. R. Clark made a business trip to Jackson last week.

Mrs. Bettie Hardwick has been sick for several days but is able to be out again.

Sheriff H. T. Derickson and Jailor J. Martin took the Bryant boys to Frankfort reformatory last week.

Jas. Ewen has bought a new mower and harrow and is preparing for the spring work.

Mr. and Mrs. Ollie Jones, of Mt. Sterling, arrived here Saturday for a visit with the latter's sister, Mrs. Sarah Hardwick, and left Tuesday for home.

Rev. O. J. Young filled his appointment at the Christian church Sunday. He will preach every first and third Sunday in future.

Mrs. Myrtice Conlee, of near Richmond, arrived last week for a visit with her parents, Mr. and Mrs. D. R. Clark. She was accompanied by her three children.

Miss Mary Lyle is reported to be dangerously sick and her mother, Mrs. Kate Lyle, was sent for. Word has come that Mary is slightly better.

Mrs. Lucy Jackson, who has been visiting her son in Louisville for a month, arrived home Monday. She says that they have all been sick at her son's and delayed her coming home for two weeks.

Dr. Breeze, who left for Bloomington, Ill., last week to see his daughter, has been very sick while there. Word comes that he is not expected to live and has not been able to talk since arriving there.

D. R. Clark has the posts all set for his new wire fence that is to be put up along the street that leads to the depot. The wire has been ordered and the fence will be a much needed improvement.

Charley Crowe says it is awfully lonesome at home now with all the other young Crowes gone to make their own nests. Who would have thought a year ago that three of the boys would be married by this time? Time does perform wonders.

Guy Crowe, son of Mr. and Mrs. Jesse Crowe, and Miss Nora Martin, daughter of Mr. and Mrs. James Martin, were quietly married at the home of the bride last Friday morning by Rev. J. C. Hanley. They left on the noon train for a short wedding trip to Lexington and other points. Our congratulations go with the happy couple.

Junior Higgins, who has been attending school here, left Monday for his home in Magoffin county. He will enter Valparaiso University in Indiana next month. The writer attended this school for two years and it is a fine one. They have an enrollment of over 5,000 students a year, it being one of the largest schools in the country.

If there is any place where this is read that needs help in a Sunday school, or if you do not have a Sunday school, or if you need Sunday school literature, if you will send word to the writer he will be glad to help you out. In the past ten years he has organized over 130 Sunday schools, besides helping over 200 others. No matter what county you live in write and see what can be done for you.

Mrs. Bohannan Explains School Tax

EDITOR CLAY CITY TIMES,
Dear Sir:

In a recent issue of Better Farms and Roads, the editor of that paper said in connection with statements made by "enemies of the bond issue," that

"It is very easy to make any kind of statement, but very hard to prove some of them."

Without discussing the merits of the bond issue, although I am in favor of good roads, the "enemies of the bond issue" had the same reason, no doubt, to make their statements, because they were unenlightened and did not care to be on that subject, as has Mr. Burgher to make the statements at the close of this, and another, article in same issue.

In articles mentioned he says:

(1) "It is possible to cut our school tax in two and still leave \$3,000.00 per year ***"

(2) "Better a little more economical with school money, cut down the school tax 10 cents and in this way make it easier to pay our road tax, which is surely coming."

I feel that it is my duty as well as a pleasure to reply to the statements relative to the school tax and schools and will take up the tax question first and will deal only with facts and figures as shown by the public records, to which Mr. Burgher had access and which he should have consulted before publishing a statement that can not be verified at all by the records. The facts are that the entire amount of school tax, both property and poll, going to the public school fund, after the sheriff turns in his delinquent list, will be in round numbers about \$2,700.00, owing to the amount of delinquents. The Board of Education has expended this amount as follows:

Applied on old indebtedness,

ANNOUNCEMENT

We are authorized to announce G. W. GOURLEY, of Beattyville, Ky., as a candidate for Judge of the Court of Appeals for the Seventh Appellate District of Kentucky, subject to the action of the Republican party at the primary election to be held August 5, 1916.

Spring is here—we know because we saw a buck beer ad in a city paper the other day.

We saw an ad the other day that said "Kitchen Work is Fine." The guy that wrote that lie never tried keeping house while his wife was away.

We know one married man who says he lets his wife have her own way, but we don't know any married man who doesn't do it, though lots of them don't think it.

If it takes the United States six months to put enough men at the front to catch a little petty-larceny revolutionist like Villa, how long would it take it to get in the field against a sure-enough fighting nation?

We've been expecting for some time to see in the papers where Teddy had offered to go to Mexico to serve his country, but we guess he rather serve the country in the White House than with our Southern neighbors.

The Louisville Herald is not satisfied to let that poor old General Assembly die in peace, but has to rake over the ashes with a series of articles on what they did. It would be much easier and just as useful to tell us what they didn't do.

Up in Letcher county they know how to do things in fine style. They have called an election there for to issue \$200,000 in road bonds, and there seems no doubt of the result. In Powell we are wondering if our little old \$40,000 bond issue will be carried or not.

PREACHING ON SUNDAY

The following subjects will be discussed at the Christian Church this Sunday, the 9th.

The subject for the morning will be "The Lord's Supper," and all Christians are especially urged to be present.

In the evening the subject "Why Be A Christian" will be discussed.

The pastor, Rev. Cleo Purvis, extends a hearty and cordial welcome to all.

Lost 5 Years From His Life

Remarkable Story is
Told by Ohio Man
Who Has Been
Restored By Tanlac

"I have been able to work only about six months each year for the past ten years.

"But I haven't lost a day's work since I began to take Tanlac."

This is the statement of David R. Case, of Mt. Healthy, Ohio, near Cincinnati.

These two short sentences contain as high a tribute as can be paid to a medicine. Tanlac is literally putting money into David R. Case's pocket every day. He can count its value to him in dollars and cents.

"Six months a year for ten years." To the average man this means thousands of dollars. It may mean the difference between want and plenty. It means five years out of a man's life.

Mr. Case's story will strike home to thousands.

"I suffered from a stomach trouble so serious that I could not work more than six months out of a year for the past ten years," he said. "There would be dull, constant pains in my stomach and shooting pains in my breast, back and arms.

"Everything I ate seemed to disagree with me. I discontinued drinking coffee for a year, but that made no difference in my condition. I simply could not get anything that benefited me.

"I saw the remarkable praise Tanlac was winning, and more in desperation than anything else, I decided to try it. I believe I would be shirking a real duty if I failed to tell my story, remarkable as it may seem.

"I have now used two bottles of Tanlac. My appetite has returned, and I sleep well. The pains are rare now, and, best of all, I can work all the time. I feel stronger than I have in years.

"Tanlac has done worlds for me. It has doubled my income." It is human nature for Mr. Case to believe that he is the exception and not the rule but his story really is not a great deal different from the statements of many thousands.

There is no remedy that acts as favorably on ailments of the stomach, liver and kidneys and on catarrhal affections as does Tanlac, which is now being introduced in Clay City at the Eaton & McGuire store.

Tinlac may be obtained in Stanton at Hardwick & Co.; Bowen, Day & King; College Hill, Ginter Bros.; Torrent, J. Taylor Day; Irvine, Irvine Drug Co.

ATTENTION DRUGGISTS-STORE KEEPERS

An exclusive Tanlac agent is wanted in every town, village and cross road in this county. For particulars and advertising plans address Cooper Medicine Company, Dayton, Ohio.

Mrs. Frances E. Beauchamp, State President, W. O. T. U., met with the Union at Nada, and gave an interesting lecture at the church there Friday night. The effects of tobacco and alcohol on the human system were clearly shown; and, during her remarks, she said it would be better for the coming generation—and for the boy smoker—if his first cigarette killed him dead: that he would not then live a lingering poisoned life nor come at last to a slow, dreadful death—having left his weakened manhood to his children. She said she learned in the Feeble Minded Institute at Frankfort that from 82 to 96 per cent of the inmates were children of excessive alcoholic parents.

Besides this, we had to take care of the incidental expenses and up-keep on 83 school houses and schools, the fuel alone amounting to about \$200.00.

As to the action of the County Board of Education in abolishing and consolidating sub-districts in the first educational division, which includes the lower end of the county, the Board, upon discussing and carefully investigating the matter found that nine sub-districts in that part of the county contained only 362 pupils. They compared these with nine sub-districts in the upper end of the county, where, in most instances, it is very rough and has a number of small streams as well as the three forks of Red River, yet these nine sub-districts contain 668 pupils with an average attendance of 60%, while the attendance in the lower end of the county, this being a level and more accessible part of the county, was only 40%; there being as much expended for these nine schools to accommodate 362 pupils as there was in the upper part of the county to accommo-

date 668 pupils. Included in the 362 pupils was Copperas Creek District, which we found to our great surprise was being maintained by Powell county in every particular, when there were only two families with children in the school age residing in Powell county, all of the other patrons of said district being residents of Clark or Montgomery counties.

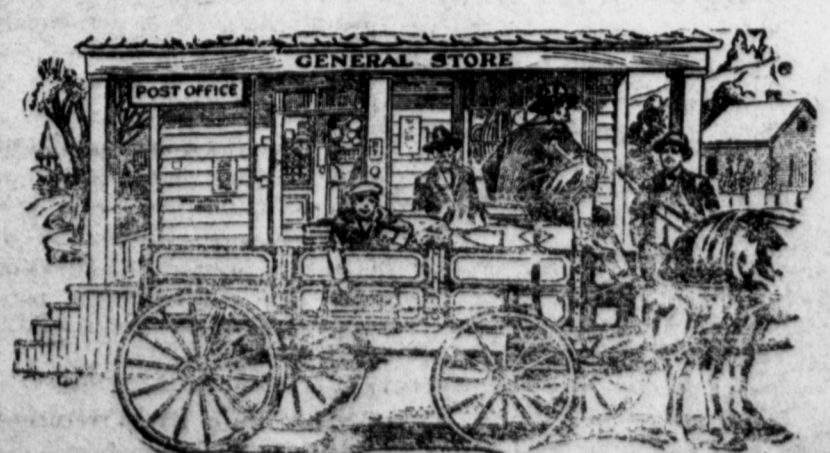

The efficient country school is the most vital educational need of to-day. It is our duty to give much time, thought and labor to the rural schools. All the members of the County Board of Education are men of sterling worth and character and are so regarded in their respective communities, and whatever expenditures or changes they have made, have been for the betterment of the

different sections of the county and for the people of Powell county, in general.

To quote Mr. Burger's article further, "Good roads, good schools, good churches and good citizens all go hand in hand," but if we must sacrifice our school fund in order to have good roads, I say let's have the schools now and do without good roads or let them come some other way.

Horse Runs Away

Mr. and Mrs. W. L. Byrd came in to attend the meeting at the Methodist church last Friday night, and the river being too high to ford, they tied their horses to a gate on J. B. Eaton's place and crossed on the swinging bridge. When they went for their horse after the meeting they found both horse and gate gone, and finally they located the animal in a field of H. G. Crabtree's, where he had been put by someone who caught him. The buggy was seriously damaged. After we get a bridge at the ford here it will be possible for people to come all the way to town and put their teams in a stable instead of having to tie them out of town.

A letter from A. B. Hamilton, who formerly lived in this county, and married a Stanton young lady, expresses his appreciation of The Times and encloses a check to renew his subscription.

H. G. Crabtree has a number of tenants that we bet he is not getting any rent from. The latest is a red headed woodpecker that has taken up his abode in a telephone pole opposite The Times office.

Geo. P. Burke, of Rosslyn, was here last week and left us a nice order for printing and also asked us to advertise his excellent corn meal, which is said to be the best offered for sale in Eastern Kentucky.

(Continued from First Page)

Mr. Baker, of Junction City, Tenn., is here visiting his sister, Mrs. Henry Daniel, and a brother Robt. Baker. Mr. Baker says they were making gardens when he left home last week and were quite a bit ahead of us.

Rev. Wm. Kirk moved his family to Clay City last week. We regret that it was necessary for them to move as they were fine people. We can afford to lose some people out of Stanton, but not of this kind. What is our loss is Clay City's gain.

Mrs. Frances Beauchamp, of Lexington, gave a very strong temperance lecture at the Christian church last Wednesday night. She spoke from the standpoint of the effects of whisky on the blood and how it was dangerous for any man who values his health to touch the stuff. She spoke on cigarettes at the college chapel next morning, and if every merchant in Stanton could have heard that lecture we feel sure that the would never handle another cigarette. The writer accompanied her to Torrent where she delivered the same addresses.

The writer saw a man come in to town to-day with fifteen ties on his wagon. A few days ago this same team came in with but six ties, as the roads then were terribly muddy and in bad shape. If we had good roads all over the county this same team could haul still larger number of ties. We are voting against our best interest if we do not vote for this road bond issue. Especially should every farmer in the county be for it, for he is the one who will be benefitted the most.

The Christian Endeavor social that was to have been held at the home of the writer this coming Saturday night has been postponed on account of the box supper that is to be held at the Court-house on same evening for the benefit of the Cemetery fence. The wire has arrived and will be put up soon as we get the fence posts. Anyone wishing to contribute some good, substantial posts for the cemetery fence can bring them in at once—and they will be gratefully appreciated.

Our friend, A. T. Whitt, cashier of the Clay City National Bank, made his usual good showing in the bank's statement made on March 15th. Whitt, though young, is some cashier and a very fine fellow besides.—Jackson Times.

To Start Drilling

The oil drilling machinery of B. A. Bounville, which has been undergoing some repairs here for several days, was taken this week to the farm of G. W. Clark on Hardwicks creek where a test well will be drilled at once. Oil has already been located on this farm in two places, and the indications are that a good paying well will be struck. After sinking a few holes on this farm, the machine will be moved to S. G. Baker's place.

James Bloom is improving his business house by having a new roof put on the building.

W. Schirmer, formerly Superintendent of the Highland Orphans' Home, was here a few days on business.

Dillard Martin, of Johnson City, Tenn., returned to his home Tuesday after spending a week with relatives in this county.

Dr. J. W. Tyler, of Danville, Supt. of Mountain Work for the Presbyterian church, was here Tuesday on business, and visited the Orphans Home.

J. M. Kennon has started work on a contract for some of the Estill county oil men to team several thousand feet of lumber from Broadhead-Garrett mill to the oil field. A permanent camp is being established in the neighborhood of the oil wells.

On account of being received too late some of our country correspondence had to be held over for next week. Correspondents are urged to have their letters in the office here not later than Tuesday, and Monday is better, and always be sure to sign your name.

A letter from J. W. Hutson with a renewal of his subscription, states that he could not get along without The Times to keep him informed of the doings of his old Powell county friends. Mr. Hutson is now located in Clinton, Mo., where he is engaged in the grocery and coal business, and he says he is doing fine there.

Colonel Spencer Cooper, one of the best known newspapermen of Eastern Kentucky, died a few days ago at the Old Soldiers Home at Dayton, Ohio. Col. Cooper was 70 years of age, and for the last 30 years had published the Herald at Hazel Green. About three months ago his health failed so much that he had to give up the work, and, his wife having died about a year ago, he went to the old Soldiers Home.
